Special Recruitment Efforts. The Office of Personnel has during the past couple of months dispatched several recruiters to various high schools in the neighboring area in order to recruit stenographic, typist, courier and clerical applicants from this year's graduating classes. The shortage of sufficient clerical employees in the Agency is expected to continue until the condition is relieved when these recruits report for duty after their graduation in June. Bindery Operatives and Laborers are being recruited through USES offices and vocational departments of some of the local high schools. The Office of Personnel is also placing an ad in the local newspaper on 3 March 1963 in an attempt to locate some additional telephone operators. The last operator we have in process is scheduled to EOD 4 March 1963, after which we will still have one vacancy.
